

# ThinkCP™ Company Overview

## Company Overview

ThinkCP™ Technologies was originally founded in 1987 as H.Co. Computer Products, Inc. Headquartered in Southern California, the company actually began as a memory manufacturer gradually growing its products and services offering to include high-performance computing, storage, and security solutions for which ThinkCP™ is now very well known.

ThinkCP™ targets the needs of specialty VARS, integrators, prime contractors, large corporations, universities as well as various U.S. federal, state and local government institutions. ThinkCP™ primarily serves the North American and European markets also supporting the needs of customers throughout other regions of the world.

Combining the latest technology and ISO 9001:2000 Quality Standards with innovative value added services and technical support, ThinkCP™ is well known for supplying their customers with the most advanced and reliable products and services available.

## Philosophy

When our customers succeed, we succeed. ThinkCP™ was founded and continues to grow on the basis of symbiotic business relationships. ThinkCP™ provides the quality personnel, wide selection and guaranteed solutions that have helped pave the road to ThinkCP's success and serves to further the success of our customers.
